The proprietors of the Eckford Line would particularly call the attention of the Merchants of Wisconsin, Illinois, and other Western and Southern States to the superior [illegible] to, and from, the ports on the Upper Lakes. The above line of Steamboats run direct to our dock at Buffalo and all goods consigned by this line for the Upper Lakes will be shipped [illegible] by Steamboats, [illegible] possibly two exceptions. The Eckford is the only Line not interested in, or committed to a Propeller Upper lake Line; and in endeavoring to sustain a line of Steamboats on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States, when interest demands the continuance of a line of such a class of Boats. Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co., Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Brier Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2500 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

THE OLD STAR HORSE SHOEING SHOP,

JAMES B. HICKEY, late of the City of Cincinnati, has permanently located in Milwaukee, for the purpose of carrying on the Horse-Shoeing Business, not to be beat by any Shop in the City; for with 21 years' experience in some of the best shops in the Union, he feels confident when he asserts that he cannot be beat. Citizens of Milwaukee and vicinity, to be convinced of the truth of my assertion, and have their Horses properly attended to, so as not be maimed, Interfere, &c., had better call and examine for themselves, for they will have their work done as I say, at 1 at $1 per set for Plain Shoes; Extra Shoes $1,25; Bar Shoes $1,50 per pair; Sandals $2,50 per pair; and all other work to suit the times. Don't forget to call at the OLD STAR HORSE-SHOEING SHOP, on Huron, between Milwaukee and Jefferson Streets.

Now and Then.

In 1848 when Gen. TAYLOR was the Whig candidate for the Presidency, the Washington *Union*, the central organ of *bogus* Democracy, thus slighted him and eulogized Gen. SCOTT:

"Gen. Scott is an *older* soldier than Gen. Taylor; one who is at least *equally*, if not *more accomplished*, and who has distinguished himself by *more and as brilliant battles* during the war, who captured Vera Cruz and the Castle and the Capital of Mexico, and one, too, who has *more qualities of a civilian*, and better known as a Whig."

Such was WINFIELD SCOTT, according to the Washington *Union*, in 1848. Admitting that Gen TAYLOR deserved the need of the Presidency for his signal services, the *Union* pronounced Gen. SCOTT much *more* deserving of the same round, and *better* qualified for the high office.

But how is it now? Gen. TAYLOR sleeps in an honored grave, and his memory lives in the hearts of his countrymen. Gen. SCOTT is the Whig candidate for the Presidency; the man who, if the *Union* spoke truth in '48, had better claims and qualifications for the office than Gen. TAYLOR. Does the *Union* say so still? Oh no! It holds a very different language. Hear this consistent sheet:

"There is wide difference between Gen. Scott and General Taylor: The former thinks himself almost an Admirable Crichton. He is sensitive about his statesmanship, and his organs are fooling him to the top of his bent by calling him a Solon; and yet *we would rather have trusted General Taylor*, with all his admitted deficiencies, than Gen. Scott with his bombast, conceit, and ever present arrogance. Gen. Taylor had the common sense of a business man."

In 1848, the *Union* thought Gen. SCOTT "the older, if not the better soldier." In 1852, its preference is very decided for Gen. TAYLOR. In '48 it unhesitatingly declared that Gen. SCOTT had the better qualifications for the Presidency. In '52 it "would rather have trusted Gen. TAYLOR."

As with the *Union*, so with its partizan echoes and yoke-fellows all over the country. Every one of them, in 1848, was profoundly impressed with Gen. SCOTT's merits and Gen. TAYLOR's deficiencies. Every one of them declared Gen. SCOTT to be the older soldier, the better Civilian, and the truer whig. Every one of them shed floods of sympathizing tears at the ingratitude manifested by the whig party towards "the *real* hero of the Mexican War, WINFIELD SCOTT."— They were so much concerned about it, good souls, that they were almost ready to cut adrift from Gen. CASS, and set up Gen. SCOTT themselves.

Well, remembering all this, the Whigs now offer them the opportunity of manifesting the nation's gratitude to WINFIELD SCOTT. The man, who of *all living Americans*, has rendered the most signal services, and conferred the greatest glory upon his country, is now the Whig Candidate for the Presidency. And where stand the organs of the Sham Democracy, who, in 1848, had so much to say in praise of and in sympathy for, WINFIELD SCOTT? Why, just as might be expected from their antecedents, *libelling, defaming and traducing the very man* for whom in 1848, they could not say enough! In 1848, the whole Loco Foco press abused TAYLOR and eulogized SCOTT. In 1852, they abuse SCOTT and eulogize TAYLOR. Could a more striking illustration be found of partizan recklessness, mendacity and hypocrisy, than is furnished by the organs of *bogus* Democracy NOW AND THEN?

"Close up the Ranks! Steady."

Such was the frequent order of our gallant leader, what time he led his brave battalions to the charge at Lundy's Lane in the war of 1812. Whigs of Wisconsin! Friends of Home Labor! and Western improvements! Do you realize that a fortnight only remains before the conflict at the polls? AND ARE YOU READY FOR IT?

The Gardiner Case Again.

Well; the committee have reported. They express the opinion that the claim is a fraudulent one; but they unequivocally acquit Secretary Corwin of all connection with the claim, after accepting the office.—*Sentinel.*

The *Sentinel* is happy over the opportunity to acquit the whig party of fraud through the recent *quasi* acquittal of Mr. Corwin. It forgets that the same testimony upon which it relies to acquit Mr. Corwin convicts the whig party of having robbed the Treasury of the U. S. of half a million of dollars!

Let us see how far Mr. Corwin will stand vindicated before the country by this committee.

The above is from the *News*, which then proceeds, at length, to repeat its foul charges of corruption against Hon. Thomas Corwin, and the Whig party. A committee appointed by its own party, and composed of a majority of its own partizans, have just reported, clearing Mr. Corwin entirely, and showing that for ten months before the award, he had nothing to do with the claim. Mr. Olds, the slanderer who brought the charges against Mr. Corwin, has just been convicted by his constituents in Ohio, and sentenced to stay at home and digest his defeat and repent at leisure; but the *News* still continues to pour out its calumnies here.

The *News*, too, is either aware that the "half million of dollars" of which it prates so much, never was in the Treasury of the U. S., (and of course never was taken out of it)—or it is not aware of that fact. If that paper does know this, it stands convicted of another falsehood—if it does not know it, it is equally convicted of deplorable ignorance. The money paid Gardiner was part of certain monies deposited by Mexico to be handed over to those who should prove their claims against the fund. Gardiner, by abundant evidence, proved his claim, and got his share of the money. Since then, it is charged that his evidence was fraudulent, and Gardiner is under heavy bail to answer for the charge. The Committee do express their opinion that his claim was fraudulent, but, for the space of a year, no proof has been brought before government to decide the question. Just now, a commission has been appointed to go to Mexico and examine the matter. If the result of their examination is against the Gardiner claim, then Mr. Corwin stands ready to repay what he received, to those from whom he received it. Not a dollar came from or goes to the U. S. Treasury. What slander will these harpies start next?

An Easy Victory.

If the victory in November could be won by falsehood, misrepresentation, trickery, and staring capitals, the *News'* contributions towards the result would deserve to be richly rewarded. It was scarcely to be wondered at that after being woefully disheartened for weeks, and fairly exhausted with whistling to keep up their courage and make their followers believe that all was going well, the Loco Foco leaders should be thrown into spasms by the first Roorbacks sent on from the east, relative to the Pennsylvania election, and should get out their guns and fire salvos of artillery over their unexpected success. But we hardly expected to see the *News* come out yesterday with a half column of artillery, capitals, and old despatches about those states, claiming enormous majorities for "Pierce & King," when everybody knows there is not the slightest possible foundation for any such claim.

Why, if we had space for such a display, we have abundant reason for using any reasonable quantity of large job type in informing our readers that the whigs of those two great states have the substantial fruits of the victory, since, although they have let the local elections, in a great measure, go by default, they have made handsome gains on Congress.

The Locos of Pennsylvania have certainly carried their candidate for Supreme Court Judge, Mr. Woodward, one of the bitterest Nativists in the land, into a seat upon the Bench—and much good may it do them! And, as the *News* says, "South Carolina is democratic all over"! Of course she is!—we couldn't on any account, have her anything else.

More Foreign aid for Pierce.

FRANKLIN PIERCE, the candidate of the British Free Trade Party, continues to receive "aid and comfort" from the British and Colonial press— In obedience to the signal thrown out by the London *Dispatch*, that "EVERY ENGLISHMAN REJOICES IN," and is expected to contribute to, "the success of the Democratic Free Trade Party," the British press, without, so far as we know, *a single exception*, warmly advocate the election of FRANKLIN PIERCE. The Canadian papers are just beginning to follow suit. The Canadian *International* says:

We desire to see the Free Trade Democrats in power for the sake of the universal commerce of North America; for if Pierce shall be President *our northern friends will have the benefit of it: therefore we pray for the Democracy for the sake of our British friends.*

The reason assigned is conclusive for all loyal Britons. JOHN BULL does well to "pray for the Democracy," since the party of false pretences, which cloaks its multitude of sins under that name, are unquestionably his best friends. But will BROTHER JONATHAN suffer himself to be caught in this British trap? Will the American People consent to build up British Manufactures at the expense of their own? Are they content to surrender our "Home Market" to British Monopolists? Will they help elect "*a valuable practical ally of England*," as the London *Times* styles FRANKLIN PIERCE, Chief Magistrate of this Republic? This is the great issue on the second day of November next. Let all true Patriots range themselves beneath the glorious Stars and Stripes, and vote for SCOTT and GRAHAM, for HOME INDUSTRY and HARBOR IMPROVEMENTS.

"More Scoundrelism."

The *News* of yesterday, by way of getting up a "diversion," falsely and impudently charges the "whig managers in this city" with getting up and circulating among the Germans of this State a pamphlet "stating that Winfield Scott is a "Catholic and containing Scott's native American "letter over Frank Pierce's signature." We brand this statement as *an infamous fabrication throughout*. We do not believe that any such document has ever been seen in this State, or if it has we entertain no manner of doubt that it is the production of "*the wretched scamps*" who sham Democracy, and "stop at no issue" to subserve the interests of their party.

Speaking of "*scoundrelism*," the *News* of yesterday still keeps standing under its editorial head in staring capitals, the "*base fraud and forgery*", in relation to Gen. SCOTT's "recruiting instructions." Who wonders at its knavish cry of "stop thief."

Rock County Nominations.

In the two State Senatorial districts of Rock County, the Whigs have nominated WM. T. LAWRENCE of Janesville, and J. R. BRIGGS JR., of Beloit, as their candidates, both of them first rate men. Their election may be considered sure, if the whigs of that staunch old whig county do their duty, and work, as we believe they will.

GRIT!—Out in Huntington, Ia., a Hoosier orator went it on the following tall figure:

"And there stood Gen. Scott, in the thickest of the fight, while the cannon balls rattled about him like hail. Seven of them grazed his person in various parts, and glanced off, leaving him uninjured; when the eighteen pound shot, struck him in the pit of the stomach, and never phased him!

The Hoosier almost reached an equal flight with that of Senator Douglass, who, in one of his speeches, stated that the field on which Gen. Pierce's horse fell before Contreras was covered with sharp rocks, *composed of red hot lava!*

PENNSYLVANIA.—The democrats have a large majority in the House. The Congressional delegation stands so far 15 democrats, and 10 Whigs —a gain of 2 dem.—*Morning News.*

"A gain of 2 dem.," eh! In the last Congress the Locos had 15 and the Whigs 9 members. Now, when the delegation is increased to 25, the locos have only 14, the Whigs 11! Tremendous democratic victory that! That rooster will have to stand on his head, if many more such victories occur.

The Old Game

Everybody recollects the game played in 1844, by the Loco Foco leaders in Pennsylvania, by deceiving the people there into the belief that they were the true friends of the tariff of 1842. It is as notorious as that the sun shines, that their banners bore the inscription, "*Polk, Dallas, and the tariff of '42.*" And so everybody knows that in this campaign, while *out of* Pennsylvania the Loco Foco press advocates Free Trade and British Interests—*in* that state, they claim to be the exclusive friends of a tariff for Protection.

Bearing these things in mind, read the following extracts from an article in the *News* of yesterday:

One of the most conclusive arguments that we remember to have heard against the protection doctors has come in the shape of 12,000 Democratic majority in Pennsylvania. At the recent election, members of Congress were chosen. So far as heard from, the proportion of Democratic to Whig members stands as two to one.

* * * * * * *

The members of Congress can make and repeal tariffs. The result has committed Pennsylvania against the Whigs.

* * * * * * *

The result in Pennsylvania shows that even the Iron interest of this country does not ask protection, or is satisfied with that which it gets under Democratic legislation.

The result in Ohio is even more decisive.— That is a great Agricultural State. They have said by this that they don't want protection. Both the Farmers and the Iron Workers respectfully decline the officious kindness of the protectionists.

Now look at this. Granting the facts as to the result to be as the *News* makes them out (which they *are not*,) see how dishonest all the above is. The Locos of Pennsylvania fought the battle upon Congressmen under the banner of "Protection," and the *News*, claiming a successful result of the canvass, insists that that result is a "conclusive argument *against* the protection doctors"!

But look at the facts, and see how the matter stands. The Pennsylvanians, though very slow to believe that they are deceived by the Loco Foco politicians whom they have supported so long, have shown this time that they begin to see where their true interest lies, and accordingly will send two or three more Whigs to the next Congress than they had in the last one.

So too in Ohio. The farmers of that state *have* spoken out, very plainly, their opinions on the subject of Protection to Home Labor, and, as the smoke of the battle clears away, it is seen that they have given a gain of four or five Whig Congressmen.

We accept the omens, in both states, as sure presages of victory for Scott and Graham in November.

The Elections.

The mails last evening brought us no further returns of the elections in Ohio and Pennsylvania except such as confirm previous reports. In Pennsylvania, the Congressional delegation will stand 14 locos to 11 Whigs, being a difference of three in favor of the latter over the last Congress.

In Ohio, the figures show in 43 counties a whig gain of 8,548 over the vote of last fall; the Loco Foco State officers are elected, but the whigs have gained a number of members of Congress. In Hamilton county, where the Democratic majority has not been less than twenty-seven hundred, there is this year a majority of from two to four hundred, except as to Disney, who is re-elected. Disney, democrat, and J. Scott Harrison, (whig) son of ex-President Harrison, were elected to Congress—the former by the skin of his teeth.

The Cincinnati *Gazette* of the 14th, in view of the result says:

OHIO IS FOR SCOTT!—We think it now settled —*a fixed fact*—that the 23 votes of Ohio will be given to Gen. Scott. His strength is greater in the State— much greater—than that of our State ticket at the late election. All who voted the Whig ticket at our general election, will vote for Scott electors, and many that voted against us at the recent election, will vote with us for Scott and Graham. Our friends in Ohio know, and our friends elsewhere may rest assured, that Ohio is for Scott and Graham, for the Union, for internal improvements, for protection to our own labor, for peace, and the prosperity and happiness of the people.

The last Toledo *Blade* says:

It is glory enough, for us, that we have reduced their majority one half or more in the State, and ought to encourage us with the belief that the State is sure for Scott in November. Our own doubts on that subject have been dispelled by the result of the State election.

Let us not then yield to the noisy shouts of our opponents. Our turn will come next, and if we are true to the spirit which thus far has borne our party through the canvass, we will "give them gun for gun and more."

Indiana has re-elected her Loco Governor, by an increased majority. As to Congress, we have no definite returns, but the returns seem to indicate that the Locos have nearly all the Congressmen—and this they had before.

There is no cause for discouragement in either of these states. Gen. Scott is immeasurably stronger than any local candidates, and he will carry Ohio and Pennsylvania, beyond a doubt. If our friends in those states had swept them at this last state canvass, they might have become over confident. The bragging of the Loco Foco press frightens nobody.

False Rumors.

And we may as well say here, that there is quite a general understanding through the District, as we know from personal observation, having just been through the whole of it, that Mr. Tweedy and the whig members of the Jenny Lind Club and all the whigs of Milwaukee whom they can influence, are going for Mr. Wells—that Mr. Durand is to be sold, and Mr. Durkee defeated for purely personal and local objects. We know not whether this be true. It is denied by some whigs here, and asserted by others.—*Free Dem.*

"And *we* may as well say here," that all such rumors, by whomsoever circulated, are utterly and entirely false, and without foundation, and we have the best of reasons for believing that the editor of the *Free Democrat* knew such to be the case when the article was penned. We cannot, for the life of us, perceive what possible good is to be obtained by such misrepresentation.

The friends of Home Labor, of a Protective Tariff, and of Western Improvements, in this Congressional District, see, among the three candidates, but one who is with them in principle. That man is HENRY S. DURAND, and for him they mean to cast their votes, for with him alone as their Representative in Congress, can they feel safe.

ILL TEMPER.—Yesterday's *Free Democrat* says:

Owing to the detention of the cars two hours, at Waukesha, on our miserably managed Railroad, Mr. Julian did not reach Gardiner's Hall, Saturday evening, till a quarter before ten.

It was doubtless a great disappointment to those who wanted so long to hear Mr. Julian, that he did not arrive till late, but we hardly think that the circumstance justifies the *Free Democrat* in hauling the Railroad Co. over the coals in such a style. Business is crowding upon the road so rapidly that the company is entirely unable at present to provide for it. On Saturday evening there was an immensely heavy train out, which caused the detention.—that is all.

MEETING AT WAUWATOSA.—The Scott men of Wauwatosa had a right pleasant gathering on Saturday afternoon. A delegation went out from this city, taking with them a flag from our Scott Club, to be presented as a slight testimonial of good will for brethren in a common cause. Addresses were made by Messrs. TWEEDY, RANDALL, ORTON, PALMER, and others. The flag was presented by Mr. Orton, and received with a neat reply by Dr. Halsted, Secretary of the Wauwatosa Club.

LEGISLATIVE NOMINATIONS.—The Free Soilers have nominated J. W. SHARP for Senator in Dane Co. In one of the districts of Fond du Lac Co, the same party has nominated JOHN NICHOLS for Assembly.

The Locos have nominated G. G. WILLIAMS for Assembly in the Whitewater district of Walworth Co, and G. BLAIR in the Delavan district.

E. ENOS, JR., is the whig candidate for Assembly in the Waukesha district—a capital selection.

☞ The Free Soilers of the 2d Congressional District in this state, have nominated JAS. L. ENOS for Congress.

Walworth County Whig Convention.

At a meeting of the Whigs of Walworth county held at Elk Horn on Wednesday the 13th day of October, 1852, for the purpose of nominating suitable persons to be supported at the coming election for County officers, CHAUNCEY BETTS of Delavan was called to the chair, and DeWitt C. Seaver of Elk Horn, appointed Secretary.

The Convention the nominated the following officers:—

For Sheriff—Hiram A. Stone, of Darien.
" Clerk of Court—Wm. P. Allen, of Sharon.
" Register of Deeds—L. Chesley, of Geneva.
" Clk B'd Supervisors—D. C. Seaver, Elk Horn.
" Treasurer—Squire Stanford, of Elk Horn.
" Coroner—Thomas Gage, of Spring Prairie.
" County Surveyor—Palmer Gardner, do.

The Committee on Resolutions reported the following, which were adopted:

Whereas, the people of Walworth county are known to be in favor of a Tariff which shall discriminate in favor of American labor by specific duties upon home valuation, and are also in favor of a home valuation, and are also in favor of a system of Harbor and River improvements by the General Government, and in favor of such disposal of the public lands as will secure the sale of them to actual settlers, and

Whereas, they are in favor of such foreign policy as shall secure the sacred observance of treaties, while at the same time Government should protest against the violation of the laws of Nations by the despotisms of the Old World, therefore

Resolved, That in order to secure the policy indicated, the people, if left to their free choice, *will* and ought to support Gen. Winfield Scott for the Presidency, and William A. Graham for the Vice Presidency of the United States, and this Convention will give them a cordial and hearty support.

Resolved, That the effort now being made to induce the people to give their support to Franklin Pierce and Wm. R. King is founded on deception and a wilful misrepresentation of the record as to the political course of Pierce & King.

Resolved, That the Whig party of Walworth county are and always have been opposed to the extension of Slavery, and will resist, as far as in them lies, such extension into any of the new Territories.

Resolved, That the people of the North-West can have no motive of interest, either moral or political, to vote for Pierce & King.

Resolved, That the national policy of the Whig party is that which will secure internal, physical, and moral expansion, and that this policy, if persevered in by the people, will, at no distant day draw into the Union the neighboring nations of this Continent and the adjacent Islands.

Resolved, That the "Pierce & King democracy" are the national and efficient allies of British labor, and British aggression upon American labor and the Independence of the American Republic.

Resolved, That the Whig party are the true Representatives of the Republicans under the lead of Washington, and go distinctly for the Independence of Great Britain and the "rest of mankind."

Resolved, That the Whigs of Walworth county will give Henry S. Durand the vote of Walworth for Congress.

The following persons were appointed a County Central Committee:—

E. Hodges, J. C. Allen, S. H. Stafford, N. L. Gaston, P. Crevath, A. O. Babcock.

Moved that the proceedings of this Convention be published in the Western Star, and the Milwaukee Sentinel.

The Convention then adjourned with three cheers for Scott, Graham and Durand.

THE CRICKET MATCH.

Milwaukee Victorious!

The Return Match between the Milwaukee and Chicago Cricket Clubs came off in this City yesterday, and after a beautifully contested game resulted in favor of the Milwaukee Club with *eight* wickets to go down. The weather was all that could be wished—an Indian Summer day— the attendance of spectators large, and the interest unabated from the commencement to the close.— The Chicago players acquitted themselves handsomely and bore their defeat like heroes. In the evening the two Clubs supped together at "the Home." We have only time this morning to add the score:

FIRE.—A fire broke out at about 5 o'clock on Sunday afternoon in the rear of the gun shop of Mr. KRAUTZ, next but one South of the City Hotel, and before water could be got to it, spread to the buildings on each side. The burning of the tobacco shop north produced a dense, suffocating smoke, in which it was almost impossible to work. But the engines were quickly out, and the Hook and Ladder boys made short work of the fronts of the buildings. Three buildings, cheap wooden structures, were about demolished. They were owned by E. Weissner, and insured for $200 in the Wisconsin M. & F. Ins. Co.

M. C. R. R. OFFICE REMOVED.—Capt. COTTON, agent of the Michigan Central Railroad Line, has removed his office into commodious quarters in the new building erected by Messrs. MCCREA & BELL, a few doors west of his former office.

GILT FRAMES.—NIEDECKEN, at 175 East Water st., has just received a beautiful assortment of gilt frames for pictures, mirrors, &c. They will be eagerly sought for.

The Schr. *Dahlia*, after laying up for a few days in order to get in a new foremast, is loading with wheat, at Flander's Railroad warehouse.

☞ The *Wisconsin* at its brief wit's end for some fabrication with which to amuse its readers, copies the nonsense of the *News* relative to a document put in circulation among the Germans in this state, by "the Whig managers in this city."

Every sensible man will see the falsehood of these things, on their face—or if not, their source condemns them at once.

GERMAN SCOTT MEETING.—The German Scott Club, at their last meeting adjourned to meet on Friday evening next, 22d, at 7 oclock, at the corner of Lake and Reed Sts., in the Fifth Ward, where they will be addressed by speakers in their own language. The friends of Gen. Scott in that Ward are invited to attend.

WALWORTH COUNTY NOMINATIONS.—See the record of the proceedings of the whigs of Walworth County. They breathe an excellent spirit of resolution to do good service for the good cause.— The ticket nominated is unexceptionable, and ought to be elected.

☞ Capt. Wm PORTER is building a large schooner at the yard from which the *Kirke White* was launched in the spring. She will register near 120 tons. The ribs are up and she is about ready for planking.

ACCOMMODATIONS AT THE FAIR.—The hotels in Milwaukee were crowded to overflowing during the late fair, and many visitors were obliged to find accommodations in the private houses of the city. Our own good fortune led us to the U. S. Hotel, where with a company of friends, we found a room among the last who met that good fortune. What reasons for censure or praise were given elsewhere we know not, but we know that at the "States" no cause of complaint was found. The bills were fair, and the attentions to visitors unremitting.— No advantage was taken of circumstances to charge exhorbitant prices. Messrs. Button & Sexton know how to keep as well as make friends.—*Janesville Gazette.*

The Outrage upon Capt. Ward, and seizure of the Mail Bags, by the Authorities of Havana.

From the New York Herald.

We yesterday published an additional account of the unprovoked and gross outrage committed by the Spanish authorities in the Island of Cuba on the Captain of the Cornelia, and the seizure of the letter bags; but having received a detailed statement of this iniquitous transaction, we offer the following to our readers:

On the 22d of September the Cornelia was cleared at the Custom House, hauled from the wharf, and the letter bag having been delivered by Messrs. Drake & Co., the consignees, for transmission to the United States, the ship got under weigh. She arrived without molestation, at the guard ship, lying at the mouth of the harbor, when she was boarded by the authorities, accompanied by some Spanish soldiers, who ordered the ship to be anchored. This order was instantly obeyed; but from the position of the vessel at the time, and the narrowness of the mouth of the harbor—having scarcely sufficient water to turn in—she ran great hazard of being lost.— The officials then inquired of Capt. Ward if he had a man concealed on board his ship of the name of Hearkness, which he denied. They immediately commenced searching the ship, and found Hearkness concealed in the after cabin. Captain Ward denied all knowledge of the transaction, and Hearkness, when confronted with him, assured the Spanish officers that he alone was in fault, and that the Captain of the Cornelia, and every person in the ship, was ignorant of his having concealed himself.

It appears that the Capt. General of Cuba had received information from one of his numerous spies, that Mr. Guzman had taken his passage for New York in the Cornelia, and that certain letters had been given him to deliver to persons on his arrival in that city. Guzman had applied for a passport, which had been granted him; but at the moment of his departure, when the Capt. General made sure the letters would be on board, he took this method of apprehending him.

The authorities disregarded the protestations of innocence made by Capt. Ward, and conducted him in company with Hearkness as prisoners to the guard ship. Hearkness they left in the guard ship; and the American Captain, guarded by two soldiers with muskets and bayonets, was conducted on shore to undergo an examination by the captain of the port, who, on his arrival, in a most brutal manner, told him that he was liable to be fined $1000 for having concealed persons unfavorable to the Spanish government on board his vessel, but that if he would deliver up the letters which Mr. Guzman, another passenger, had delivered him, the fine would be remitted, and the Cornelia allowed to proceed on her voyage. In reply to the Capt Ward informed the captain of this, that he was entirely ignorant of Hearkness having concealed himself on board his vessel, and that no package of letters had been entrusted to his care by Guzman. At this juncture the captain of this port became furiously incensed, and told Capt. Ward that he was a *fillibustero* and a liar, and that unless the package was immediately delivered up, a fine of $1000 would be imposed.— He then ordered the captain to be conveyed to the ship, which order was carried into effect, the soldiers accompanying him. He was, however, not permitted to remain any length of time on the ship, but re-conveyed on shore to the Captain General to undergo a second examination.

The second examination was of the same character as the first, and he was again ordered on board ship, the captain of the port informing him that he was a scoundrel and that unless the package was forthcoming, he should be sent to prison as an enemy of the Queen of Spain. Shortly after, the Captain of the port, accompanied by the captain of police, arrived on board and demanded the letters in his possession. There were several packages of letters in Captain Ward's desk which was in his cabin, which, together with a letter bag the captain of the port and the captain of police conveyed on shore. After opening the box and examining the letters, giving, at the same time, strict injunctions to the soldiers on duty that he should not be allowed an instant's communication with any person under any circumstances, Guzman was arrested. Some time after this, the captain, accompanied by Guzman and his luggage, was rowed on shore in a launch and marched, guarded as before, to the government house, where after a long examination before the Secretary of the Governor and other officials, he was called upon to give security. Captain Ward obstinately refused to entertain such a proposition, stating that as the Spanish authorities had thought fit to capture his vessel, and deal so unceremoniously with his person, for no cause whatever, they must take the responsibility of these acts upon themselves.

The officials, after some deliberation among themselves, finally concluded that Captain Ward should be allowed to proceed on his voyage, and offered to return him the letter bag, considerably lightened of its contents; but he replied, that as they thought fit to board his ship and take away the letters entrusted to his charge, he would not receive them, but that they might, if they thought proper, convey them on board, which was afterwards done. They told him that the captain of a vessel had no right to receive a letter until he had at first examined it; and he, in reply, informed them that they must hold themselves responsible to the American government for the wanton outrage which they had committed in detaining him from proceeding on his voyage on a groundless charge, and for the insult they had offered to his person by marching him three several times in broad daylight through the streets, under a burning sun, in the custody of a military guard, and preventing him from any communication with his friends.

The Spanish authorities, finding that they could not in any manner implicate Captain Ward as being privy to the concealment of Hearkness on board his ship, or of any papers entrusted to the custody of Mr. Guzman, finally resolved to set him free. On his release he proceeded to the American consul, and entered his protest before that gentleman.

He had expressed his determination to the Spanish authorities to throw up his command, but was induced to resume it on the entreaty and advice of his consignees, Messrs. Drake, and reached the city, after a most stormy passage, on the 7th instant.

HOW GEN. PIERCE INCREASED IN POPULARITY. Franklin Pierce was elected to the Legislature at the age of 24.

They liked him so well that he served four years.

His conduct and abilities were so deserving, that in 1831, he was elected Speaker of the House.— The vote he received on this occasion was highly complimentary.

He received a majority of 109 out of 250 members.

He still grew in grace, for in 1832 he was re-elected speaker, receiving 205 votes out of 208 cast.

In 1832 the same year, he was elected to Congress by a majority of 8,000.

In 1834 he was re-elected to Congress by a majority of 9,000 running far ahead of his ticket.

In 1839 he was elected to the Senate of the United States, receiving 160 votes out of 212 in the House, and 11 votes out of 12 cast in the Senate.

In 1850 he was chosen President of the Convention to amend the State Constitution by a vote of 257 out of 264, one third of whom were Whigs.

We challenge our opponents to produce the record of another such life.—*Hartford Times* (loco.)

Grant all of the above, and that Gen'l Pierce is possessed of all this wonderful influence in Massachusetts. How tremendously he must have labored to abolish the religious test in his native State, as the Locos claim that he did!

The Little Giant and the Old Lion.

Senator DOUGLAS *dodged* St. Louis in the recent electioneering tour. He was promised there, but failed to perform. The last *Republican* gives us the reason. Mr. DOUGLAS did not fancy facing Col. BENTON. The "Little Giant" was afraid "to beard the lion in his den." And well he might be. The *Republican* says:

It is very generally said, and as universally believed, that the *Little Giant*, as the Senator styles himself, will give St. Louis a wide berth. He will not come here, at least not to speak. Such is the rumor, and this the reason:

It has transpired in private circles, that, if he should address a mass meeting of the Democracy in this city, Col. Benton will be present, and speak to the same meeting; on which occasion he will hold the "Little Giant" up with one hand, and with tongue and finger exhibit him in all his political deformity, much as a showman would some *lusus naturae*. The Colonel, who never does things by halves, desires this occasion to expose to the world the opinion which he entertains, and which he has no hesitation in expressing in private circles, of Judge Douglas and his present set of principles.

☞ The Milwaukee and Mississippi Railroad Company have taken the legal opinion of Mr. Estabrook, the present Attorney General of the State of Wisconsin, as to the availability of their 8 per cent bonds, for banking purposes. That gentlemen, however, has settled all doubt, by giving a written opinion in confirmation of such availability of their bonds, as security for banking issues, to the extent of $8,000 per mile. This opinion is in harmony with the expressed professional opinion of Messrs. Francis B. Cutting and E. H. Owen of New York; and of Messrs Brown and Ogden of Milwaukee.—*N. Y. Times 12th. inst.*

ONE OF OUR LAKE CLIPPERS.—On Wednesday the Clipper Flying Cloud, Capt. D. C. Pierce of Ely Merrick & Co., Reindeer Line, with a magnificent spread of canvass alow and aloft, passed down the river, only four days out from Milwaukee, during 12 hours of the passage having had head winds. This is almost rivalling the performances of her saltwater namesake, that sailed for the Chinese seas some time ago, from New York. *Det. Adv.*

WHAT CONSTITUTES A GENTLEMAN?
THE reader's definition would probably be, true kindness, consideration for the feelings of others, and honesty and liberality of sentiment. These qualities do, in reality constitute the gentleman; and in a society organized upon the basis of moral worth, instead of wealth, would pass current as a sufficient passport to the highest circles. But unfortunately for many of Nature's noblest works—gods— gentlemen,—something more than moral worth and genuine politeness are requisite to obtain the appellation of a gentleman. In most cases a good, if not fashionably clothed exterior, is the only *wand* which affords ingress to the society even of those who profess to be guided by other standards than appearances.
The Hair, one of the first objects that attracts our notice, is by many considered the most important. A person may be clothed in the richest fabrics manufactured after the most approved taste, his hat may be irreproachable in style, his linen may be pure and unsullied, his boots may be well-fitting, gentlemanly, French calf or the bright, glistening patent-leather, with its untarnished, mirror-like surface —still something is wanting. Although we lay no claim to the character of a philosopher, or metaphysician, we think a little light may be shed on this vexed want:—*The Head is Bald!* Still, do not despair; Johnson's Chemical Hair Invigorator, whose perfume is of the most rare and delicious fragrance, the best and only reliable antidote for baldness known, is still to be obtained. If any roots are left it will produce hair. It gives tone and vigor to the functions of the scalp, and speedily insures to the user a beautiful crop of hair.

Advertisement.
AYER'S CHERRY PECTORAL.
We call attention to the advertisement of this article now in our paper, and at this season of the year when colds and coughs are so prevalent, the information it contains will not be found unwelcome. The eminent names, lent to recommend it, are conclusive proof of its value. In addition to these we have been favored with the perusal of letters from many distinguished individuals as well as humble sufferers, who acknowledge their indebtedness to this valuable medicine for the recovery of their health from painful and dangerous diseases. It is at once safe and pleasant to take, and is certainly very powerful to cure.— Those afflicted with coughs, colds, asthma, bronchitis, hoarseness, or indeed any of the various affections of the lungs, will do well to try the Cherry Pectoral, and will have no cause to regret the experiment.

WORTHY OF ALL CONFIDENCE.
DR. STORM'S CELEBRATED SCOTCH COUGH CANDY.—No medicine ever invented has gained more popularity than this, nor is there any more deserving of it. There are so few compounds worthy the high merit claimed for them, that when one which is really destined to benefit the afflicted is put forth, we are slow to believe our most intimate friends, when they praise it. But Storm's Scotch Cough Candy is sold at a price so low, it must be evident to all that if it did not sustain a good reputation, enough would not be sold to pay for advertising. Almost every person that uses this article according to direction will feel justified in recommending it to others, it needs but a small outlay of money and time to satisfy the most sceptical that it is worthy of all confidence as a remedy in diseases of the Chest and Lungs.
Price, One Dime per Roll; 3 Rolls for 25 Cents; or $1 per Doz.
A handsome engraving of the Scottish Coat of Arms, and the written signature of Hamilton Wade, (proprietor,) is on the outside wrapper of each roll or package.

The clause referred to says that no part of the $120,000 appropriated can be made to appear satisfactory to the President, that the Southern Boundary of New Mexico is not established by commissioners and surveyors of the U. S., nor of the town called Paso, the same as laid down in the treaty. Pres. Fillmore has issued a message, saying that after a careful perusal, he is constrained to concur in the result—consequently no part of the appropriation for defraying the expenses of the Mexican boundary survey can be drawn from the treasury—whereupon the Secretary will immediately notify the Secretary of State of the decision, that he may inform the Mexican government to suspend further work until Congress shall provide for carrying on the same.

Another Interesting Letter.

The following letter from a distinguished German Democrat of this city, is another evidence of "the way the wind is blowing." It will blow such a hurricane before the 2d of November, as will not leave a vestige of hope that the Pierce and King craft will ever reach the haven of success:—

Memphis, Sept. 21, 1852.

Messrs. Editors:—I am a foreigner—a German—and a Democrat. I came to this country in 1830. I served in 1836 in Florida—first under Gen. Gaines, and then under Gen. Scott. Now, Messrs. Editors, that my position may be distinctly understood in this community, (having been considerably annoyed on this subject) I desire to state through your paper the reason why I intend to vote for Gen. Scott. It is this:—When I was sick, wounded, and suffering intense pain, in Florida, Gen. Scott took charge of me himself and treated me as a father would have treated his son—as he did all of the men under his command, who were so unfortunate as to be sick or wounded. This was when I was a mere private in the ranks. When my wounds were dressed by the surgeon, Gen. Scott held my arm and said "Hold still, Vollmer—I am with you, and will have all things done right in regard to your wounds." Having stood by and befriended me, in a trying time, I, though a Democrat, shall stand by him on the second day of November.

L. Vollmer.

Mark the testimony which Capt. Vollmer bears to the noble and affectionate qualities of heart which distinguish Gen. Scott in his relations with the private soldiers of the army! Who will, hereafter, have the hardihood to accuse Gen. Scott of pride or haughtiness.—*Memphis Eagle.*

Great Loco Foco Victory.—South Carolina has declared almost unanimously for Pierce and King. It would be strange indeed if that State deserted the men who always voted with Calhoun, Rhett, and others, against the right of petition, against river and harbor improvements, and against everything which could advance the interest and prosperity of the North.—*Chicago Journal.*

Items from the Pacific.

The San Francisco *Whig* says:—The crops are coming on in fine style, and in various parts of the country flouring mills are being erected: and but a short time will pass ere our State will supply her own breadstuffs, and the thousands who are on their way to this country to become tillers of the earth, will find ready markets, and abundance of conveniences to carry out their operations.

Quartz mining is fast gaining a stronghold among our business men, and millions will be invested, this season, in developing and working the veins.

The *Sonora Mountain Whig*, of the 4th inst., says that there has existed for some time, in the mountains in that vicinity a band of desperadoes, under the leadership of a Spaniard of a most desperate and blood thirsty character. The organization is said to be most complete, the cutthroats constituting the company trembling at the frown of their terrible leader, and at his bidding committing deeds of rapine and murder of the most appaling character. On the last Sunday in August, they murdered three Americans, and on the Monday evening following, another, within a few miles of Sonora. Of course, the police were on the alert. And Mr. McFarlin, City Marshal, having his attention attracted by the singular movements of a well-dressed man, followed him some time, under the impression that he was the villain who headed the murderers. When the Marshal requested him to stop, he broke for the hills, but was suddenly halted by the passage of a ball through the lower portion of the back part of the head. He threw away five hundred dollars in his flight. He has not had his examination yet. We hope his capture may lead to the capture of the entire band. We want to record the fact that some fifty or sixty have been hung up to the limbs of trees.

From the Sandwich Islands.

From Honolulu we have accounts to the 14th of August. An epidemic similar to the Chagres Fever had prevailed in various parts of the Island, attacking almost every *foreigner* in the community, and many of the natives, had abated its ravages. Although the number of sick has been very great, few cases proved fatal. The Postmaster at Honolulu and all his clerks were down with this fever, and the office closed. The August term of the Circuit Court had been postponed on account of the illness of the Judge and officers. "Business and trade have continued at a stand still, many stores and offices remaining wholly closed, with the laconic notice, 'Sick,' on the door. Scarcely a merchant or clerk has been at his post; the auctioneers' bells and hammers are stowed under the counters; the labor on the public reservoirs is stopped; the prisoners are having a jubilee of idleness or sickness; the harbor itself wears a feverish aspect."—So says the *Polynesian*.

Ruins of an Ancient and Magnificent City at Tinian Island, in the North Pacific.

It has long been known to men of science, that several of the Ladrone Islands contained ruins of very ancient and splendid cities. Ewing says, in his geography, that at Guam, and in the other Islands, "there are extensive ruins, which show them to have once been in a flourishing condition." We also learn from the same source, that these islands were discovered in 1521.

Their name implies the "Isles of Robbers," the natives showing great disposition to pilfer. According to Gobien, the inhabitants, until the arrival of the Spaniards, regarded themselves the only men in the world. Before the Spanish conquest these Islands were very populous—Guam having 30,000 inhabitants—and Agagna, 570 houses, mostly built of cocoanut wood. In Tinian, oranges, limes, and cocoanuts abound, "with that celebrated and remarkable tree which bears the bread fruit."

Capt. Alfred K. Fisher, of this town, informs us that when on his last whaling voyage, in the ship *America*, of New Bedford, which was about eight years ago, he had occasion to visit the Island of Tinian, to land some sick men. He remained there some days. One of his men, in his walks about the Island, came to the entrance of the main street of a large and splendid city in ruins. Capt. Fisher, on being informed of the fact, entered the city by the principal street, which was about three miles in length. "The buildings were all of stone, of a dark color, and of the most splendid description. In about the centre of the main street, he found twelve solid stone columns, six on each side of the street: they were about 45 or 50 feet in height, surmounted by cap stones of immense weight.

The columns were 10 feet in diameter at the base, and about three feet at the top. Capt. F. thinks the columns would weigh 60 or 70 tons, and the cap-stones about 15 tons. One of the columns had fallen, and we had a fine opportunity to view of its vast proportions and fine architecture. From the principal street, a large number of other streets diverged. They were all straight and the buildings were of stone. The whole of the city was entirely overgrown with cocoanut trees, which were 50 and 60 feet in height. In the main street, pieces of common earthen ware were found. The island has been in possession of the Spaniards for a long time. Six or seven Spaniards resided on the island when Capt. F. was there.

They informed him that the Spaniards had, had possession about sixty years—that they took the Island from the Kanackas, who were entirely ignorant of the builders of the city, and of the former inhabitants. When questioned as to the origin of the city, their only answer was—"There must have been a powerful race here a long time ago.

Capt. F. also saw on the Island immense lodges of stone, from which the buildings and columns had evidently been erected. Some portions of them exhibited signs of having been worked. Here is food for speculation. Who were the founders of this once magnificent city in the North Pacific, and what has become of their descendants? Whatever the answer may be, they were evidently a race of a very superior order.—*Vineyard Gazette.*

Rail Road Meeting.—A large meeting of our citizens and others now in the place, was held at the Court House last evening, to consider the interests of building a Rail Road to Madison. Messrs. Turner and Clinton, Agents of the Milwaukee and Mississippi Rail Road Company, were present, and addressed the meeting. These gentlemen stated that it was the intention of that company to complete their road to this place with the coming year, if the necessary means can be raised, and urged upon the people of Dane County, the necessity of taking hold of the matter in order to secure the road without delay. The meeting was also addressed by Mr. Vilas and others of our place.

Mr. Seymour offered the following resolution, which was adopted by the meeting:

Resolved, That we, as citizens of Dane County, feel that our interests and prosperity are indentified in the Milwaukee and Mississippi Rail Road, and that we pledge our aid and influence to said company in prosecuting the erection of said road to Madison at the earliest possible time, and that we are in favor of the passage of a law at the coming session of the legislature, submitting the question to the voters of said county, authorizing the supervisors of said county to take stock and issue bonds to the amount of $200,000, drawing 7 per cent., interest, *Provided*, the expenditure of the money be laid out in Dane county, in construction of said road.—*State Journal.*

MISCELLANEOUS.

HAY PRESS.

THE IMPROVED PATENT LEVER RAILWAY PRESS EXCELS ALL OTHERS now in use for pressing Hay, Cotton, Hemp, Wool, Hops, Rags, &c. &c. and will be warranted to perform well and do double the work that any other press can with the same number of hands, with less than half the draught: a small boy can attend the horse, and the running back of the follower with ease. The time required in running up the follower, is fifteen seconds. A bale of Hay can be pressed in less than one minute, at ordinary all day work: seven or eight bales can be pressed and bound per hour. Bales of Hay can be pressed, weighing over 450 lbs., measuring two feet square and four feet long. Bales of Cotton can be made compact enough without compressing.

The construction of this press is such that it does not require a building expressly for it, as it may be placed in any barn or shed, and the horse may move in any direction, or at any distance from it; and when the bale is ready for delivery, it is discharged instantly, and the follower gradually recedes as the Hay is placed in the box.

The construction is so simple that any man can make a Press, or keep it in order.

The travel for a horse, in running up a bale, is fifty feet, while in a screw press the travel is one mile and a half, in running the screw up and down. We have one new Press now in operation at Waukesha, Wis., and two others in process of construction.

So great a failure of the hay crop as has occurred in all of the Eastern and Atlantic states, the present season, cannot fail to ensure a most profitable business to any persons in Wisconsin or Illinois, who may take hold of this business with energy. The hay may be shipped during the present fall, and three months of the spring navigation, before another hay crop is raised.

REPORT OF THE PREMIUM COMMITTEE OF THE AGRICULTURAL SOCIETY OF NEW-YORK.

"The Lever Railway, Hay and Cotton Press, is a machine combining great power, convenience of operation, and constructed on true philosophical principles, and is a great desideratum to the river counties, and all places not contiguous to market, and also to cotton and hop growers: and the Committee think they do not exaggerate when they say it is, in their opinion, the perfection of machinery for that purpose. The Committee therefore award a premium of $5."

The Press, with the right to use it, can be purchased at less than half the cost of any other Press now in use. For rights for a single Press, or Towns, Countiesand States, application should be made to the subscriber.

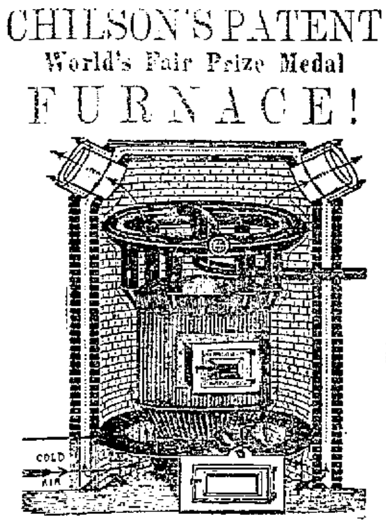
CHILSON'S PATENT World's Fair Prize Medal FURNACE!



WE ARE HAPPY TO ANNOUNCE THAT CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved and patented is declared by high and reliable authority to be the

BEST FURNACE IN THE WORLD.

Not only is this Furnace and our system of ventilation, proved and declared to be the best mode of Warming and Ventilating DWELLING, CHURCHES, ACADEMIES, SCHOOL HOUSES, COURT and STATE HOUSES, HOSPITALS, STORES, &c., in nearly all the cities and towns in the United States, but is meeting with equal favor in the CANADAS, ENGLAND, RUSSIA, and other Foreign Countries. It has been awarded at the recent Fairs in this country, gold and silver medals, first premiums, and lastly the Great Prize Medal at the World's Fair, London. It has been subjected to the most rigid investigation and severe practical tests, and unanimously declared the best.—(See the printed reports of the Fairs, also city and state public committees on public buildings.) We have more than twenty-five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common cast iron air furnaces seven years since, under the settled conviction that red hot iron furnaces burn the oxygen out of the air, producing an unhealthy, scorching, disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots, which permits the poisonous gases to escape and mingle with the air, and the annoyance and expense of repairs, new pots, &c. He now has the satisfaction of knowing that his efforts to secure a *healthful, economical* and *durable* apparatus, for thoroughly warming and ventilating buildings, has been entirely successful.—They possess the following advantages: purity of air, powerful heaters, economical plan for burning anthracite, bituminous coals or wood, all equally well—thus easily cleared out—great durability of furnace, not liable to repairs for a life time; perfect safety against setting buildings on fire in which they are located, may be set in low cellars—Sizes for all classes of buildings. Also 4 sizes of new and superior PORTABLE FURNACES,—Dr. Clark's Improved Boston School stove.

Registers of all descriptions; Hot air Grates, Room Ventilators, &c.

Emerson's celebrated Ventilators for Roofs of Buildings and smokey chimneys, &c. Cooking Ranges, with or with out Bath Boilers and Kitchen Fixtures. All sizes and styles of these beautiful

MIRROR MARBLE MANTLES, PARLOR AND CHAMBER FRAME GRATES.

of rich European and American styles. Also a splendid article of Liverpool Soft Coal Grates, for Parlors, &c.

Architects, Builders and the public generally, please examine our extensive assortment. Personal attention given to warming and ventilating buildings in any part of the country. CHILSON, RICHARDSON & CO., 51 & 52 Blackstone-st., Boston.

—ALSO—

CHILSON, RICHARDSON & CO., oct1-44m 371 Broadway, New-York.

SAUGATUCK IRON WORKS, WESTPORT, CONN.

OFFICE NO. 5, NASSAU STREET, NEW-YORK.

WE DESIRE TO CALL ATTENTION TO THE following articles which we are manufacturing for Railroad companies, to-wit:—Car wheels and axles, boxes and pedestals, wheel presses, locomotive drivers and cylinders, screw cutters, drilling machines, switch stands, levers and targets, frogs, head and heel blocks, chairs, and all castings connected with Railroad superstructure.

WHEELS.—Nearly two years since we commenced business, with the view of making wheels. We were then informed by gentlemen whose intelligence and experience entitled their opinions to great weight, that the wheel was imperfect, and advised us to attempt its improvement.—With every desire to succeed, we commenced an examination of the various patterns in use, to ascertain and secure the best. We soon became convinced that a majority of the patterns would prove satisfactory, if the iron of which they were made was sufficiently strong and properly chilled. Since then, we have left no means unemployed that we could control, to procure a new and stronger combination of iron than heretofore used, and feel confident that we have succeeded, with which we are now manufacturing double and single plate and spoke wheels, fully guaranteed as regards strength and perfect chill. Within sixty days we will be able to supply limited orders with "Whistler's Express" and "Whistler's Single Plate" wheels. From the material used in, and the expense of fitting up, these patterns will cost something more than ordinary wheels, but it is confidently predicted by those whose opinions are most valuable in such matters, that they will possess a greater amount of strength than any cast or combination wheel made. They are the invention of Geo. W. Whistler, Jr., Esq. (whose experience is all matters connected with railroads is sufficiently known) and intended to obviate the influence of contraction and expansion to an extent that will render them perfectly safe in all weather at the highest rate of speed.

AXLES.—We will use none but the best faggoted, which are superior to any other.

SWITCH STANDS, LEVERS AND TARGETS.—We have adopted a stand that recommends itself for simplicity of construction, and the best guarded of any we know, invented by Van Blarcom, Superintendent of Machine Shops of the Housatonic & Naugatuck Railroads, but will make of any pattern desired.

SCREW CUTTERS.—The invention of Mr. Van Blarcomb, a useful, cheap and successful machine.

BOXES AND PEDESTALS, of any size or pattern to order.

DRILLING MACHINES, of a very simple and very substantial character.

WHEEL PRESSES.—Made to order.

LOCOMOTIVE DRIVERS AND CYLINDERS.—Made to order.

FROGS, CHAIRS, HEAD & HEEL BLOCKS, And all work connected with superstructure, made by contract.

Predicating our success on the facilities we possess of procuring the latest improvements in machinery, and the uniform excellence of our work in material and finish, we solicit orders.

Spherical Disinfecting Fluid,

FOR purifying the air of sleeping and sick rooms, cabins and holds of ships, particularly for passenger ships at sea or in port, prisons, jails, crowded rooms in general, from offensive, close and infectious air of all kinds, including the infectious spheres of cholera, ship, typhus, yellow, bilious, scarlet and other fevers of our own or Southern and Western climates in cities and towns, on land and water. Also, for disinfecting the bodies, clothes, and trunks of persons who are in or have been in the atmosphere of infectious diseases.

This fluid is healthy to breathe or take internally, and instead of filling the room with a choking, irrespirable air, as the chloride of lime and other chemical preparations in use do, it makes the whole air sweet and salubrious, and at the same time strengthens the respiration and enlivens the spirits of those present, by its balmy, fragrant and tonic influence.

The Following Certificate

selected from a number, can be seen at the store of the agents:

HOE'S CAST STEEL, CIRCULAR AND LONG SAWS.

THE SUBSCRIBERS MANUFACTURE FROM THE best cast steel, Circular Saws, from two inches to five feet in diameter. These saws are carefully hardened and tempered, and are ground and finished by machinery designed expressly for that purpose, and are therefore much superior in truth and uniformity of surface to those ground in the usual manner. They require less set, less power to drive them, and are not so liable to become heated and produce a saving in timber.

They also manufacture, Cast Steel MILL, PITT and CROSS-CUT SAWS and BILLET WEBS, of superior quality, all of which they have for sale at their warerooms, Nos. 29 and 31 Gold street, or they may be obtained of the principal hardware merchants in the United States.

R. HOE & CO., Printing Press, Machine and Saw Makers, 29 and 31 Gold-st., New York.

The following extract is from a report made by a committee of scientific and practical gentlemen, appointed by the American Institute:

"Your committee are of unanimous opinion, that in the apparatus invented by R. M. Hoe, for grinding saws, he has displayed great ingenuity and tact in the adaptation of machinery to the production of results in the manufacture of saws, which may with propriety be denominated the ne plus ultra of the art."

Publishers of Newspapers who will insert this advertisement three times with this note, and forward us a paper containing the same, will be paid in printing materials, by purchasing four times the amount of their bill for the advertisement. oct4

HAVING ENLARGED their former premises, by the addition of the capacious store formerly occupied by Cowles & Ross, would call the attention of their customers and the public in city and country to their extensive assortment of

Cloths, Cassimeres, Vestings, Satinets, Tweeds, Flannels, and a general assortment of DRY GOODS, also a general and complete assortment of

GENTLEMEN'S FURNISHING GOODS.

They are confident in view of their very superior and unsurpassed facilities for the purchase of goods in the Eastern markets from cash auctions, importers and manufacturers, in all cases from first hands, one of the firm residing and superintending the business of their concern in Philadelphia, that they are not only able, but do buy their goods from 20 to 25 per cent cheaper than most houses in the city who buy on credit, and of jobbers, but they are able and are determined to sell that much lower. They deem it superfluous to attempt, as it is impossible to enumerate the articles that comprise their stock, which in extent is unrivalled by any similar establishment west of the Atlantic cities.

To their friends and customers, and those who know them, it is needless to say anything, but to strangers who are in want of articles comprising their stock, they will say, call on us and let us show you the great inducements we are able to offer; we will give you polite and respectful attention, with better bargains than you are able to get elsewhere. The most perfect satisfaction is guaranteed in all cases to those who deal with us.

HAWKINS'

STAVE DRESSING MACHINE.

PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey BARRELS,

and PIPES or HOGSHEADS, at the rate of

600 Whiskey or 800 Flour Barrel Staves PER HOUR,

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 18 inches to 72 inches in length of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST

DOUBLE OVEN COOKING STOVE,

(Which received the First Premium at the State Fair, lately held at Janesville.)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superseding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an articles in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

NO. 1.

R. R. R. RADWAY'S READY RELIEF,

Is the first and only remedy ever recorded in the Medical History of the World that has stopped the most violent pains in a few seconds.

IT WILL STOP
THE MOST SEVERE PAINS
IN A FEW MINUTES, AND CURE THE MOST OBSTINATE AND TORMENTING RHEUMATIC, NEURALGIC AND NERVOUS COMPLAINTS
IN A FEW HOURS,
INTERNAL AND EXTERNAL.
IT WILL STOP
THE MOST EXCRUCIATING PAINS,
IN FROM THREE TO FIVE MINUTES!
AND HAS CURED

Rheumatism	In Four Hours.
Neuralgia	In One Hour.
Croup	In Ten Minutes.
Diarrhoea	In Fifteen Minutes.
Toothache	In One Second
Spasm	In Five Minutes.
Cramps	In Five Minutes.
Sick Head Ache	In Fifteen Minutes.
Chill Fever	In Fifteen Minutes
Chilblains	In Five Minutes.
Sore Throat	In Four Hours
Influenza	In One Hour.

SPINAL COMPLAINTS, STIFF JOINTS, STRAINS, BRUISES, CUTS, WOUNDS, FROST BITES, CHOLERA MORBUS, DYSENTERY, TIC DOLOREUX, and all other complaints where there is severe pains, RADWAY'S READY RELIEF will instantly stop pain, and quickly cure the disease.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every Joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system. It prostrates the nerves, it relaxes the muscles, it weakens the Joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF

In a few seconds

WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.

PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belladonna, Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.*

If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF

IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produce on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhoea, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.

PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were inflamed from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.

CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAY'S MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

all diseases arising from a disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the sight, Fever and dull Pain in the Head, DEFICIENCY OF PERSPIRATION, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits, CAN BE EFFECTUALLY CURED BY DR. HOOFLAND'S CELEBRATED GERMAN

BITTERS,

Prepared by Doct. C. M. Jackson,
AT THE GERMAN MEDICINE STORE,
120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.
(From the Boston Bee.)

The Editor said, Dec. 3d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 25

"Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

"The Daily News, July 24, says:—"A Medicine"—We speak knowingly of Dr. Hofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.
